ABOUT NATIONAL APPRENTICESHIP WEEK

National Apprenticeship Week is an opportunity for the Apprenticeship community to tell the story of apprenticeships and is an invitation to business and industry, education, career seekers, community based organizations, students, and workers to learn about the real world advantages of developing careers through adoption of the apprenticeship model.

Apprenticeship is for those who aspire to be great, lead in innovation and creativity, strive to innovate in business and industry, and recognize the value of combining paid on the job learning coupled with a substantial educational component to build generational greatness in careers and commerce.
